

## WE ARE BACK!

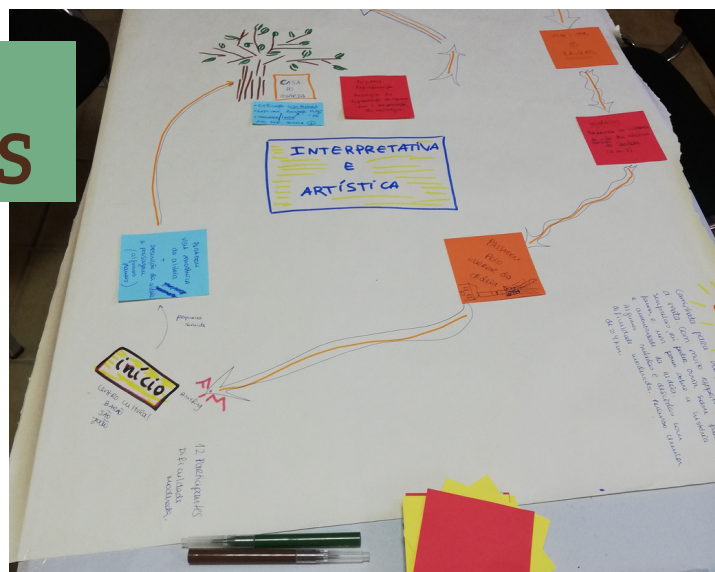

Mark your calendar, Barão de São João awaits you from **4 to 6 November**.

We promise **three days** full of good atmosphere and good mood: art and outdoor activities are once again present in the event's programme. Walks, activities for children, mountain bike rides, wellness activities, workshops and lots of news. Stay tuned!

## TECHNICAL CONFERENCES

On the **5th and 6th of May**, we gathered technicians from the Municipality of Lagos, artists and partner entities, who usually develop activities in the Festival, using the Cultural Center of Barão de São João as a "base".

It was two days of sharing knowledge and experiences that will certainly result in **amazing activities** in this year's edition.

## VOLUNTEERS

If you want to know what goes on behind the scenes at a hiking festival; if you are happy to help and provide information; if you master data entry in Excel and speak Portuguese and English, then this information is for **YOU!**

**Join us, we need volunteers.**
